ABOUT US

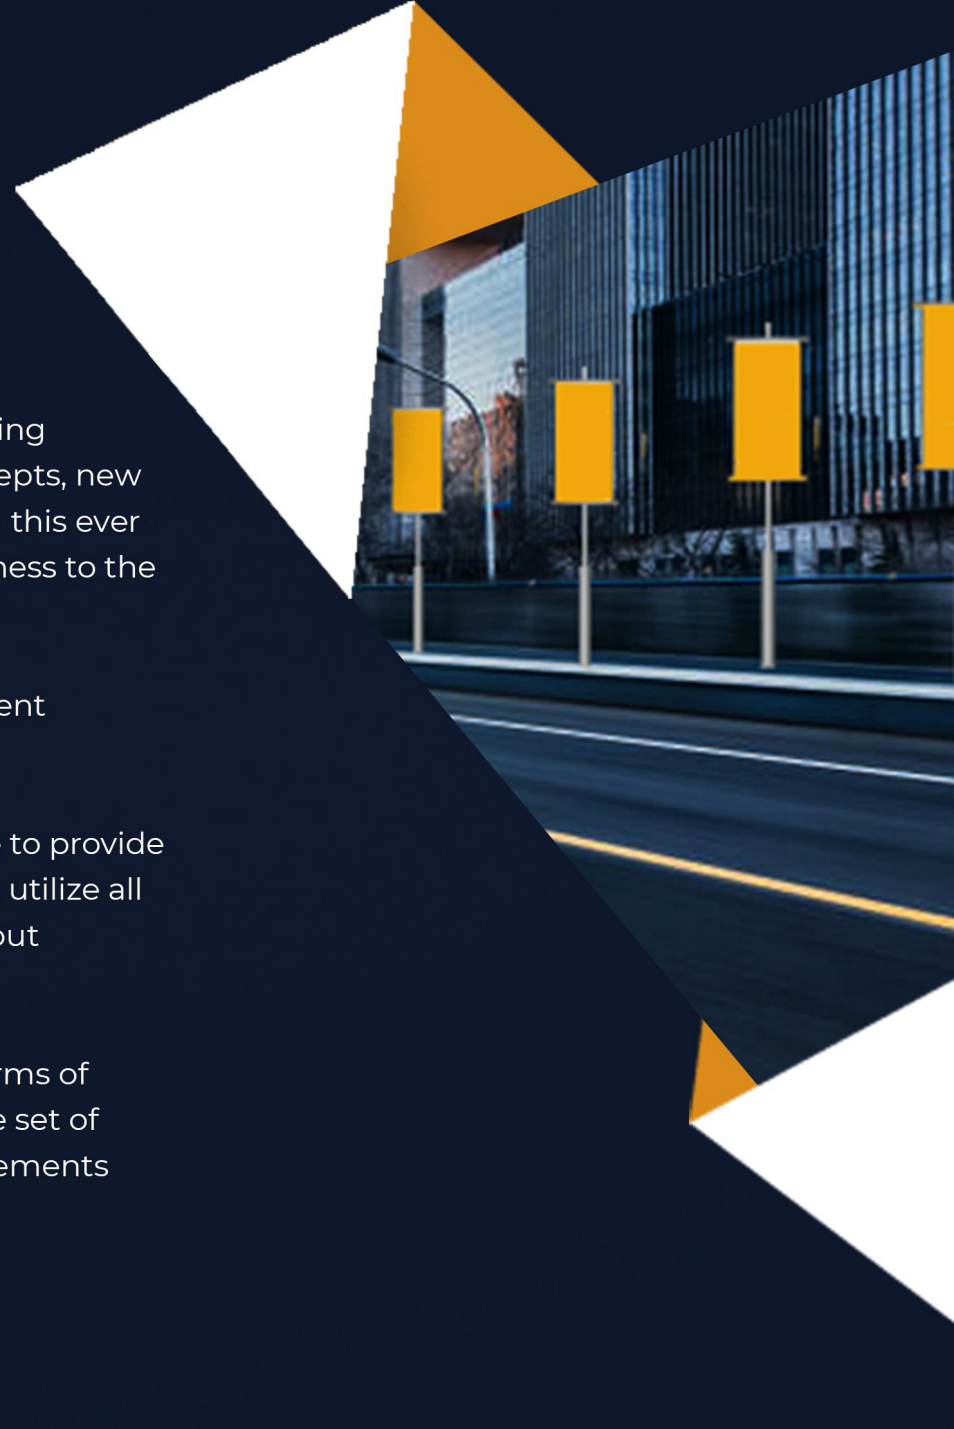

ABOUT US

Artavia was incorporated in 2014 to provide all marketing and advertising services under one roof with the best quotes in the market. New concepts, new strategies, everything is changing rapidly and in order to keep up with this ever changing world of advertising we have what it takes to soar your business to the heights you aspire for.

This is the junction where creativity meets innovation providing excellent solutions to your advertising needs.

We have a team of experts with rigorous experience in field who strive to provide the best services in launching and building brands. Our team tends to utilize all possible resources to make the product viable and cost effective without understating the quality.

Artavia is known for its swift services and an excellent reputation in terms of client's satisfaction with a creative touch. We provide a comprehensive set of services which has been made available keeping in view all the requirements and platforms for making a brand successful.

ABDULLAH REHAN **CEO**

Experienced Chief Executive Officer with a demonstrated history of working in the marketing and advertising industry. Skilled in Mobile Advertising, Marketing Management, Advertising, Commercials, and Market Analysis. Marketing is essential for building brand awareness and it also increases sale, grow business and engage customers.

Marketing is essential for building brand awareness and it also increases sale, grow business and engage customers. Marketing with us will help you reach your target audience, attract customers base, increase your sale and ultimately boost your bottom line at a very low cost.

OUR MISSION

COMPLETE IN-HOUSE FABRICATION

www.artavia.com.pk

There are so many advantages in working with us.

TIME: The first of the advantages is time. The turnaround time for Artavia fabrications is normally just a day or two. In addition, having good relations with fabrication shops allows the schedule to be discuss by the needs of the customer.

COST: Having the work done in-house can save money. Our Workers do not have to hunt through stacks of materials to find the next needed part.

This also cuts down on the mess at job sites where material typically gets strewn about as they are searched through.

QUALITY: Quality control is also very important. Having in-house fabrication allows Artavia fabrication to control the quality of the product.
